

*Meeting the community's needs, one person at a time!*

February 1, 2018

Dear Friend of Providers' Resource Clearinghouse (PRC),

Do you want to strengthen your community? Do you want to mobilize your organization? Then come shape community and grow your customer base at this year's *2nd Annual Explore North Aurora 2.0: Creating Change Networking Event* on **Wednesday, April 18, 2018** from 10:00am – 1:00pm. Don't miss out: transforming communities is transforming lives.

We want to elevate our community by showcasing unique nonprofits and local businesses. Join us in exploring partnership and collaboration with Aurora's leading agencies. Together, we can build a better community for everyone.

PRC and our community partners have transformed many lives over the past 13 years. **With community partners, individuals and corporate stakeholders such as yourself, PRC supported over 1800 seniors, families & children and over 400 veterans with furniture and basic necessities in FY 2016-17.**

Last year --with *your* support—the **Explore North Aurora Resource Fair** provided **90 families** with furniture, toys, hygiene items, and bedding, exceeding our goal of reaching 75 families in need. **Be an impactful partner again this year. Together we can increase the number of families that benefit from our furniture and accessories redistribution program.**

**Say "YES!" to being a generous sponsor for this year's Explore North Aurora 2.0. Select one of our five sponsorship packages and transform the lives of veterans, children and families represented here in Aurora.
